Apr 14 Lavender Body Lotion – Natural, Organic, Cruelty-Free and 100% Vegetarian
Posted on: April 14, 2010 @ 9:00 am No Comments »

Lavender is known worldwide for its calming, soothing benefits and its clean, sweet floral fragrance. Enjoy the goodness of lavender oil, lemon oil and blue cedarwood in this lightweight, fragrant lotion.

Being pregnant, my sense of smell is like that of a bloodhound. Things I usually enjoy the scent of, I find revolting now. And things I wouldn't normally like, I can't live without. One thing I have found that I am enjoying a LOT of the scent of lavender.

If I didn't have a million other body lotions and oils to try and review, I would probably use [Lavender Reserve Lotion](#) from the Sonoma Soap Company, just about every single day. Because of it's soothing and calming effect, I do use it frequently on my toddler who absolutely adores the scent.

I like this lotion because it's extremely moisturizing without being greasy. It takes a while to soak into your skin though... When you start applying it to your skin, it looks a bit like sunscreen... You know how you try to blend and blend and you still look a bit white? It's like that! But I discovered, it's only for a few minutes and then it soaks into your skin and leaves you silky, soft and grease-free. I like putting it on right before bed, because the scent really relaxes me.

All Sonoma Soap Company hand and body lotions exceed the highest quality standards. Each is:

- * Paraben free
- * Never tested on animals
- * 99.7% natural

If you're a Sephora Beauty Insider, this is a GREAT sale that you won't want to miss! Take 15% off ALL beauty items that are available at Sephora (when I checked, this also included sale items, too) with code B15!

Since it's my birthday month, I'm snagging a couple of items and getting a great little birthday kit (one of the many perks to being a Sephora Beauty Insider)... so you can really make your money go far with this sale!

What do I recommend buying? I absolutely adore the [Urban Decay Stereophonic 24/7 Set](#) (\$62 Value) which, for \$17 after coupon code, is a huge 73% off retail! But practically every beauty item (that includes nail polish, makeup and so much more) can be discounted that extra 15%, so I'd check out this sale before it goes away April 19th.
